

## WHO: Worksheet

### Before you watch:

Name at least 3 global health issues that affect people around the world. Share your answers with the person next to you.

### While you watch:

1. What does WHO stand for?
2. When was it founded?
3. What are 3 issues the WHO is working to solve?

### Short Answer:

What is one health issue that you are passionate about solving? Why should others care about this issue? How can ordinary people help solve the issue?
